## ***FIELDS ON THE P070 DEDUCTIONS AND DEDUCTION ADJUSTMENTS SCREEN***

Enter voluntary deductions on the P070 Deductions and Deduction Adjustments screen. Especially plan for the following fields:

### **ADJ**

The adjustment codes provide information to OSPA on how to calculate the deduction. The values for this field include:

**A** -- This is a one-time, operator-calculated deduction. You must manually enter the amounts that apply to a specific deduction.

**Blank** – This is the screen default. It indicates the deduction is on-going. If the deduction code has amounts on the PTD2 Payroll Deduction Table screen, OSPA will look them up from the table and you do not need to enter amounts. If the PTD2 screen does not have amounts, you will need to enter them.

**F** – One-time deduction, operator calculated, to force the core PEBB premiums when an employee is on FMLA. You will need to enter the amounts. Entries made with this code will print on the E315-009C Payroll Deduction Adjustment (F) report.

**T** -- This is a one-time deduction where OSPA will look up the amounts from the PTD2 Payroll Deduction Table screen. Primarily, we use this adjustment type to enter duplicate deductions to catch up on PEBB medical and/or dental premiums.

Use this ADJ only if your entry meets the following criteria:

- The late PEBB premiums are for one month
- You are making the entry in the applicable month and setting a corrective; or, the current pay period is in the same plan year as the month to be corrected
- The entry is for an insurance with a plan code

**W** – This is an on-going, operator-calculated entry to force the core PEBB premiums when an employee is absent because of a SAIF claim or military leave (USERRA). You must enter the amount(s). Entries made with this code will print on the E315-009B Payroll Deduction Adjustment (W) report. See OSPA Reference Manual, Recommended Practice, Leave, Injured Worker;, Handbooks, Military Leave of Absence and Handbooks, PEBB Benefits.

### **SHARE**

The **SHARE** (or amount) fields include:

- **EMPLOYEE:**
  - **PCT GRS** = deduct this percent of the employee's gross pay for a deferred compensation (OSGP) deduction
  - **PCT NET** = deduct 100 percent of the employee's net pay for an electronic deposit

- **SHARE FIXED AMOUNT** = a set dollar amount that the employee will pay
- **EMPLR SHARE** = the set amount the state will pay
- **PEBB ADMIN** = administrative fee and taxes paid to PEBB
- **VENDOR SHARE** = the amount OSPA will pay the vendor

### **Deduction Codes with Plan Codes**

OSPS enters plan codes on the PTD2 Payroll Deduction Table screen when we know the specific costs and they will remain the same for a time. OSPS may also enter plan codes with no amounts to allow multiple deductions with the same deduction code. In addition, the AFSCME deductions have plan codes without amounts because OSPA calculates the amount from entries on the PTD1 Payroll Deduction Table screen.

If the deduction code has plan codes on the PTD2 Payroll Deduction Table screen with amounts, the fields match the fields on the P070 screen:

- The PTD2 Empl Share = either the P070 EMPLOYEE SHARE FIXED AMOUNT (if the employee pays) or the EMPLR SHARE if the state pays
- PEBB Admin = PEBB ADMIN
- Vendor Share = VENDOR SHARE

**If the PTD2 screen has values and ADJ on the P070 screen = blank or T:**

- Do not enter values in the any of the SHARE fields. OSPA will look the amounts up from the PTD2 screen.

**If the PTD2 screen has values and ADJ ≠ blank or T:**

- You will need to enter the amounts.

- Generally enter the EMPLOYEE SHARE FIXED AMOUNT and/or EMPLR SHARE and a VENDOR SHARE.
- **The amounts you enter must cross foot: EMPLOYEE SHARE FIXED AMOUNT + EMPLR SHARE = BOARD SHARE + VENDOR SHARE.**
- Exceptions for PEBB benefits include:
  - **Medical and Dental Insurance** – Enter EMPLOYEE or EMPLR SHARE, PEBB ADMIN, and VENDOR SHARE
  - **OHNN 001 or 002 Opt Out Medical and Dental and OONN 001 or 002, Opt Out Medical** – You may only enter amounts in the EMPLR SHARE and PEBB ADMIN fields.
  - **SLNN, Agency Paid \$5,000 Pre-tax Basic Life Insurance** – You may only enter amounts in the EMPLR SHARE and VENDOR SHARE fields.

### **Deduction Codes without Plan Codes**

Only enter EMPLOYEE SHARE or EMPLR SHARE. You do not need to enter VENDOR SHARE or PEBB ADMIN.
