Web Resources — New Pay Codes

As of 1/1/12, SB556 requires that state agencies reimburse employees for private vehicle mileage under the GSA's two-tiered rate schedule. To comply, OSPS added new pay codes and changed existing ones:

- CMM—Instate travel reimbursement, reduced rate
- CMN—Instate travel reimbursement, full rate
- CMR—Out-of-state travel reimbursement, reduced rate
- CMS—Out-of-state travel reimbursement, full rate

See Pay and Leave Codes in the Reference Manual and OAM 40.10.00 Statewide Travel Plan for additional information.

Because employees now pay part of the premiums for core PEBB insurances, the entries on the P070 Deductions and Deduction Adjustments screen to force the payments have changed:

- Unless the employee's share will come from earned wages, use a post-tax plan code.
  - For medical, dental, and vision insurances the alpha plan codes are pre-tax and the numeric plan codes are post-tax.
  - Because of hard coding, the codes for basic life insurance (SLNN) are 001 for pre-tax and 101 for post-tax.
- For medical, dental and vision for full-time employees use the amounts from the PTD2 Payroll Ded/Plan Table.
  - For part-time employees, use the Insurance Force Entry worksheet to calculate the employee and employer shares.
  - If the employee receives a subsidy, reduce the employee share and increase the employer share for each insurance, until you have allocated the entire amount.
- For basic life insurance, the amounts are:
  - EMPLOYEE SHARE FIXED AMOUNT: .05
  - EMPLR SHARE: .95
  - VENDOR SHARE: 1.00

2012 Food Drive

- OSPS has outdated the ongoing 2011 Food Bank deductions on the P070 screen as of 02/29/12. Please review the E560-04-02 Yearly List of In-Outdated Food Bank Report.
