**Operations Division**  
**Health Services Section Policy and Procedure #P-C-09.2**

SUBJECT: DEPARTMENT AND CLINICAL SITE ORIENTATION FOR STUDENTS AND INTERNS

POLICY: Health care professions students and interns are visitors to whom certain privileges and courtesies have been extended. All Health Services interns and students will complete a pre-service orientation program as determined by the Health Services Section and by Oregon Department of Corrections policy prior to initial assignment at any ODOC facility. That program will, at a minimum, provide an introduction to Institutional Security, Department Policy and the Health Care program. This orientation program provides personnel with a basic understanding of the department's expectations for the maintenance of security, conduct of personnel, roles and responsibilities, the department's mission, rules, policies, regulatory requirements and procedures.
