

PUBLIC COMMENT PROCESS FOR THE 2009 ANNUAL OPERATIONS PLAN

The Oregon Department of Forestry issued a Press Release on February 11, 2008, announcing a formal 45 day public comment period for the 2009 Annual Operations Plans from February 11 through March 26, 2008.

The purpose of the Public Comment Period was to provide an opportunity for the public to review the AOPs, ask questions, make recommendations, and offer comments. As a public agency, ODF operates in the best interest of Oregonians, conducting business in an open way with opportunities for scrutiny to foster and maintain public confidence that ODF operations are benefiting Oregonians.

Past experience has shown that public comments have the potential to improve plans, so the objective was not only to inform the public, but to receive feedback that would help to clarify the AOPs, improve their consistency with the long range FMPs and IPs, and to become aware of any new information that could affect a planned operation or improve its efficiency or effectiveness.

At the end of the public comment period, the North Cascade District received no letters or emails regarding the 2009 AOP.

Note: A complete letters of all public comments and the responses for other districts related to the district FY09 AOP can be found on our web site:
